LIFE MEDICAL IMAGING
— CENTRAL COAST —

ENEWSLETTER

As we move further into 2026, we would like to thank you for your ongoing support and collaboration.

Life Medical Imaging remains proudly independently owned and operated on the Central Coast. Our focus continues to be on delivering high quality diagnostic imaging, supported by clinical excellence, personalised service, and strong referrer relationships.

Alongside this, we've enjoyed connecting with our referrers and community through recent education events, training workshops, and local partnerships, with more to come throughout the year.

Our independence allows us to stay responsive to the needs of our community while continuing to invest in our team, technology, and patient care. We look forward to continuing to work closely with you throughout 2026.

Events & Education

GP Education Night

We recently had the pleasure of hosting our GP Education Night, Practical Insights into Bone Density and Rheumatology.

Thank you to the GPs who joined us for an engaging and informative evening, with valuable clinical insights and peer discussion.

A sincere thank you to our speakers, Jeff Gibson, Dr Divya Namboodiri and Prof David Kandiah, for sharing their expertise and practical insights.

At Life Medical Imaging, we remain committed to supporting our referrers through ongoing education and high quality diagnostic services.

If you would like to view the presentation from the night, click below.

We recently hosted our MSK Ultrasound Workshop, with a great turnout for a valuable day of learning and collaboration.

Thank you to everyone who joined us, and a special thank you to Stephen Bird from Bird Ultrasound for sharing his expertise and over 30 years of experience in ultrasound education.

At Life Medical Imaging, we are proud to support ongoing education and collaboration across the Central Coast healthcare community.

If you would like to learn more about future workshops and events, keep an eye out for upcoming updates.

MSK Ultrasound Workshop

Staff Spotlight

Dr Vikram Sagar

Clinical Director

Dr Vikram Sagar joined Life Medical Imaging in early 2026, having previously practised on the Central Coast and in Queensland. He obtained his medical degree from Maulana Azad Medical College, University of Delhi, and became a Fellow of the Royal Australian and New Zealand College of Radiologists (RANZCR) in 2016. He has also completed the FRCR (UK).

Dr Sagar is the Clinical Director at Life Medical Imaging and an on-site radiologist, providing direct, accessible expertise to both patients and referring practitioners.

His specialist interests include MSK and spinal interventions, CT guided and ultrasound-guided injections, aspirations, drainage procedures, fine needle aspiration (FNA), and core biopsy. Dr Sagar is committed to delivering high-quality, patient-centred care with a focus on accuracy and safety.

Community Support & Partnerships

At Life Medical Imaging, we are proud to support initiatives that contribute to the health and wellbeing of our local community.

Life Medical Imaging is proud to continue our partnership with Run Fest Central Coast as the naming sponsor

Life Medical Imaging are also proud to be a Gold Sponsor of the Coastal Goddess Women's Health Luncheon

of the 2026 Life Medical Imaging Marathon. This year marks an exciting milestone with the introduction of the full 42.2km marathon, building on the success of last year's event.

We look forward to supporting the running community and being part of one of the Central Coast's most well-loved events.

on Saturday 2nd May. With a shared commitment to supporting women's health, the partnership with Coastal Goddess reflects strongly aligned values.

The event brings together expert voices and important conversations while raising vital funds for women affected by gynaecological cancers.

[Supporting Women's Health as Gold Sponsor of the Coastal Goddess Lunch](#)

Women's health, particularly gynaecological cancers, remains underfunded and too often under-discussed. The Coastal Goddess Lunch is helping change that.

[How Imaging Supports Early Detection and Fall Prevention - Falls Awareness Month](#)

April is Falls Awareness Month — a chance to pause and think about something we often take for granted: our ability to move confidently through everyday life.

Get in Touch

Thank you again for your ongoing support and partnership.

We value the opportunity to stay connected through education, shared events, and community involvement, while continuing to provide high quality, reliable diagnostic imaging services to support your patients. From recent education sessions and workshops to new team members and community initiatives, we remain committed to delivering both clinical excellence and meaningful collaboration.

We look forward to continuing to support you throughout the year and to welcoming you to future events.
