LIFE MEDICAL IMAGING
CENTRAL COAST

ENEWSLETTER

As we step into our first e-newsletter of the new year, we would like to thank you for your continued trust and collaboration.

Life Medical Imaging is proudly independently owned and operated on the Central Coast. Our focus remains on delivering high quality diagnostic imaging with clinical excellence, personalised service and strong referrer relationships at the centre of what we do. Being independent allows us to remain agile, responsive and community focused while continuing to invest in our people, technology and patient care.

We look forward to working closely with you throughout 2026.

this is a reminder that final spots are now
available. Join us for an evening of
practical clinical insights and peer
discussion.

To register or for further information,
please contact:

We look forward to seeing you there.

Cardiac Imaging Update

We are pleased to welcome Dr William Meere to our cardiac imaging network.

Dr Meere is a local cardiologist who trained at the University of Sydney Medical School. He completed his junior medical training and general physician training at Prince of Wales Hospital, followed by cardiology training at Gosford and Royal North Shore Hospitals.

Dr Meere provides comprehensive cardiology care with a focus on both the management of current cardiac conditions and long-term cardiovascular health. He has a particular interest in advanced cardiac imaging, using contemporary imaging techniques to support clinical assessment and inform patient management. Known for his thoughtful and patient-centred approach, Dr Meere values clear communication and collaborative care.

For updated cardiac referral information or to request our latest cardiac services flyer, please contact our team.

Referrer Feedback Survey

We're always looking for ways to strengthen our partnership with referrers and ensure a seamless experience for you and your patients. Your feedback plays an important role in helping us refine our processes and enhance the support we provide.

If you haven't already completed our referrer survey, we would greatly appreciate you taking a few moments to share your feedback. Your input helps us continue delivering efficient, high-quality imaging services and meaningful clinical support.

Thank you to those who have already taken the time to provide feedback, we truly value your contribution.

Featuring New Clinical Blog Articles

We've recently published new clinician-focused articles exploring contemporary heart testing pathways and the role of DEXA body composition scans in clinical assessment.

[Quality Heart Testing Without the Cost](#)

At Life Medical Imaging, we offer bulk-billed Echocardiograms and Stress Echocardiograms for eligible patients, making essential heart testing accessible, local, and affordable for the Central Coast community.

[DEXA Body Composition: A Smarter Way to Understand Your Health](#)

A DEXA body composition scan provides detailed insight into how your body is made up, helping you and your healthcare provider make informed decisions about your health, fitness and wellbeing.

These resources are designed to support best-practice imaging and informed patient management.

Proudly Supporting Local

Community partnership remains a core part of who we are.

In 2026, Life Medical Imaging is proud to be the official sponsor of the Central Coast Marathon, taking place this September. This year introduces a new full marathon distance, an exciting addition to the event calendar.

We are also proud to be sponsoring Woy Woy Rugby and continuing our long-standing support of Avoca Beach Surf Life Saving Club.

Supporting local sport and community initiatives reflects our commitment to the health and wellbeing of the region we serve.

Get in Touch

Life Medical Imaging is committed to providing accessible, high-quality diagnostic imaging across our four convenient Central Coast locations. We offer bulk billing on many services and aim to ensure a seamless experience for both referrers and patients.

For referral information or to speak with our team, please contact us at any time. We look forward to continuing to grow our partnership with you throughout 2026.
